¹ The co-authorship should be justified by written annex, differentiating the contribution of each author facing their individual evaluation. (Important: co-authorship is not allowed in studies/degrees with professional responsibilities).

² If the supervisor/co-supervisor is not a university professor:
- Requires positive report from the Academic Commission of the degree (see section report).
- Regarding the possible confidentiality of the work, he is aware that the defense has public character.

³ The need of co-supervision should be justified by written annex, that also requires the report of Academic Commission.

⁴ If the supervisor or co-supervisor don't belong to the UZ or to the knowledge areas related to the degree, shall be required that a professor of such areas take over Academic Supervisor's tasks.

SUMMARY OF THE PROPOSED WORK

- Objectives and approached problems:

- Methodology (focus and tools):

- Schedule (steps of the research):
