

For the attention of the academic commission of the qualification

*of the School of Engineering and Architecture EINA
at the University of Zaragoza.*

Zaragoza, _____

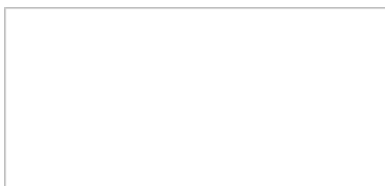

Mr/Mrs _____
in the capacity of _____ of the company/institution

I've been informed about the
implications of the writing of the student's Final Project
_____ according to the current
[academic regulations of the EINA](#).

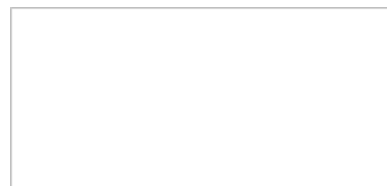

- That the Final Project's defense will be held in a public event
- That the members of the Assessment Committee have full access to the project presented, however, afterward, the reading may be restricted under prior authorization

Hereby, acceptance of these regulations for the project proposal is acknowledged

Understanding that the author could use enough material for the composition of the Project and its defense, and remaining equally protected the interests of the collaborating company/institution.
